ORACLE SCHOOL

Key Learning Points

- Oracle School is here to support you in taking an ACTIVE role in the co-creation with Spirit of your unique, authentic and inspired life.
- Be courageous, and approach this work with a curious, beginner's mindset that says, "That's interesting."
- Synchronicity is the occurrence of meaningful coincidences (positive or negative) that can support us in unlocking our magic.
- We are all stories in motion having seen ourselves as either powerless or powerful in the world. We wake up when we recognize that we can co-create new stories in partnership with Spirit.
- When we start to live in present moment awareness, we begin to set in motion an override of that which doesn't serve us or others and is not limited by the restrictions of our past choices or culture/family conditioning.
- The Oracle Cards and Universal Laws are your two support systems that will help you to unlock your magic.
- Oracle abuse is when we are more attached to an outcome than being in a space of neutrality.
- Self-care and moderating your time on Facebook are crucial to your healthy participation in this course.

ORACLE SCHOOL

A New Beginning

This module begins a new journey and a new story to tell. Who are you now and how did you get here? What influences have you experienced in your life to bring you to this point?

We begin this journey by initiating self-awareness and non-judgment; a way to look at who we are, how we've defined ourselves up til now and who we want to become.

Like going from caterpillar to butterfly you might be in one of the various stages of metamorphosis, just figuring out you can fly, but are still a caterpillar- excited but scared, experiencing the weirdness and discomfort of being neither caterpillar nor butterfly, trapped in between worlds, unsure if flying was even real, or in a healing crisis as you know you can never be a caterpillar again and waiting to become the butterfly, or fully formed and ready to burst out of that cocoon!

No matter where you are when you do this in a group of like-minded others, you quicken the process. You don't have to do this alone!

It's important this first week that you take your time and get used to the way things are run. Don't stress out, use the Get on Your Bird mp3 to stay detached and calm. If you feel overwhelmed by all the information remember no one gets behind. You have all the time in the world to go through everything.
