Video 7:
THE CLARIFICATION CARD

- When do you pick an extra card?
    1. In a 1-card reading, when you're not sure what it's talking about.
    2. In a 2-card reading you are choosing a card that informs the others.
- Always a "more information" card – 'What more do I need to know?'
- When doing a reading, allow it to percolate before seeking a clarification/ more information card.
- Allow the card to live with you and give it time.
