

MODULE 1

Video Summaries

Video 1:

A New Beginning

- ▶ You have chosen YOU, to open up to your magic and experience everything that's possible for you, expanding in ways that you can't fathom at the moment, and using Oracle Cards as your tool
- ▶ Oracle Cards are a special communication device with the conscious Universe
Oracle Cards are a tool that will show you the areas of your life that need course correction
- ▶ Oracle Cards are like a mirror that will show you everything about you, including the things that you might not know are hidden from you.
- ▶ Oracle Cards are a GPS that will help you stay in alignment with your highest good and your intentions
- ▶ The cards are a divination tool to consciously contact your higher power
2-cards to demonstrate what you're going to experience with A New Beginning - New Life and Serendipity
- ▶ New Life - card implies you're entering the unknown, moving out of the fragile shell of your conditioning. Who you thought you were is going to be challenged in this course to make room for who you want to become
- ▶ Viewing Oracle Cards as a personal growth tool helps you to focus on your intentions for your Unique, Authentic and Inspired life and move aside the things that don't work for you
- ▶ New Life card represents a rebirth, your being reborn and stretching beyond what you know to learn new things
- ▶ Enter with beginner's mind, curiosity, and 'that's interesting'
- ▶ Stay open even if you think you know Oracle Cards
- ▶ New Life card acknowledges you've already worked on yourself and that has brought you to where you are now

- ▶ Second card, #37 Never Ending Story tells us about the victim story from the past and informs us that we're here to circumvent the old stories that don't serve us anymore. Can be difficult to look clearly at ourselves in the mirror because we have conditioned responses that aren't in alignment with our highest good and that aren't going to help us as we want to become the person that has the Unique, Authentic and Inspired Life that may be different from the life we lead now.
- ▶ We don't dive into our never ending story, rather we identify it and say we're moving away from it now.
- ▶ We're only focussing on what is in our highest good and how we become the person who lives a life that is a unique, authentic and inspired experience.
- ▶ It's like we're a plant in a pot that over time our roots have grown so that they have nowhere to go now and they're pushing against the boundaries of the pot. You want to expand your life and you don't know how or have the tools to do it.
- ▶ In Personal Mastery you are provided with the ability to move beyond your small pot, repotting yourself into a bigger pot so your roots can expand and grow larger. Small plant being re-planted into a bigger pot with new earth temporarily goes into shock because it doesn't know how to be in a more expanded pot.
- ▶ Never Ending Story gets triggered in a new beginning, and it happens to everybody. Stick it out, and don't quit before the miracle happens. It's a natural part of the process in adjusting to being in a bigger, expanded pot.
- ▶ The 2 cards tell us what to expect in the first 2-weeks of Personal Mastery.
- ▶ New Life card implies you're ready to step into your new greatness.
- ▶ New Life Card also indicates that we start to recognise different parts of ourselves in the mirror of the Oracle, parts that were hidden from us. You become a new self right in front of your own eyes.
- ▶ Everyone is here for the same intention which is to become the persona that can live the intention of a Unique, Authentic, Inspired Life that is greater than what you have now.
- ▶ New Life and A New Beginning is for everyone and automatically brings us into a real connection to the conscious Universe which is listening to us even more because together we are loud.

Brief OVERVIEW

In this video, you were taught how to answer a question through a demonstration using 2 cards from Wisdom of the Oracle. The 2 cards were New Life and Never Ending Story. An analogy of the 2 pots was provided to demonstrate that it sometimes takes time to adjust to being in a new pot. Initially there's a bit of resistance but it's important to hang in there because the magic does become obvious.

THE VIDEO ALSO DRAWS ATTENTION TO THE PDF WHICH CONTAINS AN EXERCISE AROUND THE SYNCHRONICITY TIMELINE.

This will help you understand your past better and find the beauty in it. You will discover that you've already been experiencing your magic but might not have known how to see it. Download the PDFs, work with the homeplay and meditations, get into the course, and enjoy it. Personal Mastery is fun, playful, fabulous and magical.

Video 2: Unlocking Your Magic

- ▶ Unlocking your magic implies something is locked away
- ▶ Your magic is locked away and not expressed in the world through conditioning
- ▶ In Personal Mastery you can express your magic
- ▶ Divine Spark is within and that Divine spark also relates to Spirit
- ▶ The Divine Spark in us and in Spirit is not a separate relationship
- ▶ We are a part of the conscious Universe contrary to what we have been taught
- ▶ The intelligence of the Universe or Spirit is within us already and that's the magic
- ▶ When we unlock the magic within, we reignite the flame within us and a partnership with Spirit
- ▶ In Personal Mastery you are saying that you're making a conscious commitment to unlock your magic and to experience it as you connect to the Universe
- ▶ How? Through using Oracle Cards to become the person that experiences the intended unique, authentic and inspired life
- ▶ Why? Automatically step into a partnership with Spirit when we unlock our magic Separated ego desires see us believing we must move forward in a linear way which cuts us off from the magic
- ▶ The way we tune in to our magic is through our intuition
- ▶ Learn to trust our intuition and become more confident through working with Oracle Cards on a daily basis
- ▶ As we work with the Oracle Cards, following the questions in Personal Mastery, different doorways open up

▶ 2 cards - New Life and Serendipity

▶ New Life - stretch beyond the confines of the egg

▶ Egg represents conditioning, beliefs and ideas about ourselves and through which we grew

▶ Card is inviting us to break out of the egg and stretch beyond the conditioning to a new life

▶ Serendipity - synchronicity is engaged immediately when we open our connection to the Universe and come into partnership with it, so that things start to happen in our life that we didn't make happen

▶ Our part is to do the legwork of getting to the core of our magic and our capacity to have deliberate intentions

▶ Spirit will take care of the 'how'

▶ If we take one step towards the Gods, they will take ten steps towards us

▶ We think we have to do all the leg work

▶ Reality is we have to show up and do the small things, like chop wood and carry water, to stretch out of our egg, and then Spirit acts on our behalf in partnership with us for our benefit

Brief OVERVIEW

In this video, the meaning of Unlocking Your Magic was discussed. Our partnership with the Universe and our tuning into Divine energy all the time was highlighted. Two cards, New Life and Serendipity were discussed.

Video 3:

Story In Motion

- ▶ Going to talk about how we're all storytellers, how we tell that story, what it means to be storytellers, how Oracle Cards help us navigate new stories and help us to create new stories, what the role of evolution means to our stories, demonstrate the answer to a question about how we create reality and how we tell a new story-in-motion using 2 cards from Wisdom of the Oracle that help us to describe what it is
- ▶ 2 parts - the story and that it's in motion
- ▶ Everything that we are, that we see ourselves as, helps to define our narrative
- ▶ We're memory based creatures and these memories have contributed to our story about ourselves, our experiences and others
- ▶ We have lots of stories that are going on at the same time
- ▶ Some stories we overcome, others we get stuck in or get victimised by, and others we love
Stories can get stuck because we repeat them over and over again
- ▶ We repeat our stories automatically and unconsciously
- ▶ In Personal Mastery we're getting clear about the story we're telling and the various versions of it identifying which are really aligned with our highest good and those which don't serve us
- ▶ Fixed narrative relates to our perception that nothing ever changes
- ▶ Truth is that we're always changing and evolving
- ▶ Story-in-motion is never static and only gets stuck when it's over-repeated
- ▶ Want to recognise that things change from day-to-day
- ▶ As we evolve, our consciousness expands and changes, so that we overcome some of our older stories and make room to create new ones
- ▶ You are not a static person

- ▶ When doing Oracle Cards, it's like you're stepping into a moving river
- ▶ You're moving with the river because you're saying that was the story that began over there, then moving through a pathway of events and circumstances that change as you change
- ▶ Oracle Cards are going to show you your story-in-motion
- ▶ Change is possible
- ▶ Resistance is what keeps us stuck
- ▶ 2 cards - How do we create a story in motion?
- ▶ Co-create card - acknowledges that we have a partnership with Spirit to co-create a unique, authentic and inspired life. We engage with it by trusting that if we do the legwork, Spirit will do its job as our partner. It's important to forget about the how because that's not our job.
- ▶ Other aspect to telling a new story involves weaving the world into being 2 pillars of consciousness - 1: co-create reality in partnership with Spirit through beliefs, actions and deliberate intentions 2: taking into account that we need to accept life on life's terms
- ▶ Card 2 - The Fates relates to the serenity prayer
- ▶ Grant me the serenity to accept the things I cannot change, courage to change the things I can, and the wisdom to know the difference
- ▶ There are certain things that we have no control over, that are fated, which sometimes means we have to take a detour
- ▶ In between the two pillars, the miracle happens

Brief OVERVIEW

In this video we talked about a story-in-motion, described the concept of a story-in-motion, the evolution of your story, and what it takes to co-create your story. Then there was a two-card reading where Co-Creat and The Fates presented. This was followed by a description of the experience of 'I create my own reality' and 'I have to surrender to life on life's terms'. Somewhere in between is the magic and miracles.

Video 4: Becoming

- ▶ Who do we need to become in order to live the life that we desire?
- ▶ What aspect of our becoming needs the most healing?
- ▶ Card - Why? Represents your motives
- ▶ Looking at healing so you have awareness and confidence that you know why you tell the story you tell and the steps you're taking
- ▶ Why? Also speaks to being consistently, analytically correct
- ▶ Can't be because information is always coming and you're just starting out on this journey
- ▶ Cannot fall prey to analysis paralysis
- ▶ If you do, just say you're starting again
- ▶ Have to experience the content...it can't be learned intellectually
- ▶ You're here because you want to create a different version of your life, a unique, authentic and inspired life that is in your highest good, and the people you love and serve
- ▶ What aspect of our becoming needs the most encouragement?
- ▶ Card - Orphaned speaks to the part of us that feels left out
- ▶ Community offered in Personal Mastery and Oracle School is that everybody is here for each other and to be supported
- ▶ Many reasons why we might be afraid to come out and say we want to shine
Need to foster the part of us that has the thoughts and feelings of being afraid to step out
- ▶ What aspect of our healing needs the most effort?

- ▶ Card - Observer signalling we need to come from a place of neutral observation
- ▶ When we talk about healing we're talking about the soul sickness of separation or over-identifying with the conditions in front of us that prevent us from being in an unlimited universe where other options are available
- ▶ The magic is in coming from a place of non-attachment or identification, from the soul self that watches without judgement or attachment
- ▶ Many of us take the identity of the victim
- ▶ Victim identity needs to be healed so that we can step out of it
- ▶ What aspect of our story from the past is the biggest obstacle to our becoming?
- ▶ Card - Mending which refers to our inability to forgive and thus carry resentments
- ▶ Key is to be self-loving, self-compassionate and forgiving of others
- ▶ Doesn't mean condoning
- ▶ If you can retell your story without emotional charge it's because you have released yourself from the burden of the anger, resentment, hatred, shame, guilt etc.

Brief OVERVIEW

This video was all about asking a question 'Who do I need to become in order to have the life I envision?' Four cards were chosen to describe this in answering four questions. What aspect of our becoming needs the most healing? What aspect of our becoming needs the most encouragement? What aspect of our healing needs the most effort? What aspect of our story from the past is the biggest obstacle to our becoming? We got Why?, Orphaned, Observer, and Mending. Spend a little time with this and you will have these questions to ask for yourself in your PDF.

Video 5: Card Reading

- ▶ Jumper cards are cards that fall out of the deck
- ▶ Only read in the upright position
- ▶ Set to the side as it's not your anchor card
- ▶ Anchor card is when you choose a card and turn it over
- ▶ Not looking at a jumper card in any way other than what else it says about the card that you picked
- ▶ If jumper comes out at the same time as the card you pick it's also more information and you read it upright
- ▶ Anchor card is the card that starts your readings
- ▶ If you haven't already done so, watch the 3-video series which was part of your bonus videos when you joined that talks about anchor cards
- ▶ Anchor card is your priority card
- ▶ One card is all you need for all the information that you need for doing a reading on yourself or someone else
- ▶ Anchor card anchors you in the story-in-motion and provides a moment to have a 360 degree view of where you've been, what's around you, and where you're heading
- ▶ Vantage point is where you've dropped your anchor and you're able to look around from that position
- ▶ We want to point in a specific direction
- ▶ Vantage point is affected by mood and environment

- ▶ Anchor card is a mirror that shows you the connected UNiverse, you and all the things you already know about yourself, what's in your environment, and the things you do and don't know
- ▶ The card will more often talk to what is subconscious or hidden
- ▶ Subconscious belongs in the Never Ending Story section
- ▶ Certain cards in Wisdom of the Oracle that will say 'stop', take inventory, and make a new choice
- ▶ You're going to learn how to interrupt the patterning
- ▶ See the relationship between us and the deck as a living conversation with the conscious Universe
- ▶ Anchor card for the course is No Place Like Home
- ▶ Our mutual anchor card is that we've come home in this course, to feel comfortable in our own skin, safe and at home
- ▶ Oracle School has been built as a community that's mutually supportive

Brief OVERVIEW

This video talked about jumper cards, the anchor card, the vantage point, all the different aspects of what a card can show you. No Place Like Home is our mutual anchor card for this course. You have instruction for picking your own card.

Video 6:

Reversed Cards

- ▶ When you get a reversed card it's a protection card
- ▶ Protection card means Spirit, your angels and guides, are saying they love you so much that they want you to be in alignment with your highest good and deliberate intentions. They don't want you to get hurt. They're going to steer you into choosing something different through a protection card.
- ▶ Most people who come to work with Oracle Cards have some kind of connection to a memory that when you get cards that are upside down it means something bad is going to happen or that they are the opposite of an upright card
- ▶ If you've been taught the old classical way such as in the Tarot, you're going to see things such as being stabbed in the back or being murdered
- ▶ In Oracle School we don't do that. Here they're designed to provide extra help to stay in alignment
- ▶ Not For You card is a simple card that says 'no'
- ▶ Not for You in protections doesn't say 'go for it'. It says not to incessantly chase after that which eludes you. It's addressing the addictive tendency to chase after something or to pound on doors that aren't opening.
- ▶ What is yours won't go past you is another message of Not For You when it's in protection
- ▶ Wisdom of Avalon and The Good Tarot are the only two decks that don't have protection meanings
- ▶ Watch the bonus videos on Fear and Bias
- ▶ You cannot be intuitive if you're in fear because then you're instinctive and looking for a potential threat
- ▶ Dial down the fear when a protection card comes up

- ▶ How do you handle working with a protection card? First check your body and how you're feeling. Give yourself time to get back online and breath
- ▶ Protection card is not predicting that you're going to get into trouble
- ▶ Protection card is saying there's a hole and Spirit doesn't want you to fall down it, rather to turn in a different direction because magic awaits
- ▶ Resistance shows up in your body first
- ▶ Test what you're sensing, check in with yourself to explore whether you're acting out of fear or resistance
- ▶ It's okay while reading Wisdom of the Oracle cards for the first time, to read all of the potential messages because it will help you to realise how detailed the guidebook is
If protection message comes up for you, it's important to remember the it's the one most prominent and predominant for you to pay attention to
- ▶ When we make fear and anxiety our friend we see it as an opportunity for change
May feel uncomfortable at first but it's serving to help you recondition yourself to see the potential
- ▶ Oracle Cards are going to show you all things
- ▶ A protection card can help get clear, fast, and get confident that the next right action will be supported by the conscious Universe
- ▶ The Oracle Cards can show how to stay in alignment with highest deliberate intentions and highest good because the conscious Universe is using the cards to communicate
- ▶ Remember protection cards or cards that are in reverse, are your friends
- ▶ We resist reversed cards because we want what we want, when we want it, and the way we want it which prevents us from moving forward
- ▶ We're not going in a straight, linear fashion, and this is what protection cards also tell us.
- ▶ We're on a spiral, upwards path

Brief OVERVIEW

This video answered the question 'What is a reversal?' Learned it's when a card shows up upside down. Talked about how a reversed card is actually a protection card and that it's a good thing to get. Showed description of Not For You card and how a card upright is not the opposite of upside down..

THE VIDEO THEN WENT THROUGH POINTS ABOUT BEING AFRAID AND WHAT HAPPENS WHEN THE FEAR PART OF US GETS ACTIVATED AND WE CAN'T BE INTUITIVE.

This was followed by why we want to have these protection cards. At the end of the day we create a reality in a spiral and not in a straight line.

Video 7: Oracle Abuse

- ▶ First thing you need to know is that in its name, Oracle Abuse implies something not pleasant is going on for you when you're engaging in it
- ▶ Addictive behaviour we can all get into when we approach the cards from a non-neutral point of view
- ▶ Asking the same question over and over because you're coming to the cards in fear and anxiety or because there's too much of an attachment ie. you're looking for a specific answer is Oracle Abuse
- ▶ Asking the same question over and over or putting the cards back then pulling out again because you don't like them constitutes Oracle Abuse
- ▶ Can get into an addictive cycle when you give your power away to what the cards are saying
- ▶ Addictive state comes from a lack of trust or fear
- ▶ The answer you get reflects your own anxiety
- ▶ Cards can become tricksters
- ▶ You know when you're getting into Oracle Abuse because you're not accepting the answer or the card you got, and you want another answer
- ▶ Also involved in Oracle Abuse is not accepting things in your life, wanting to control the outcome and a lack of surrender
- ▶ Can always course correct by stopping and giving yourself a day or two off so that you can recalibrate and enter a relationship with the Oracle from a more neutral, curious way
- ▶ Oracle Abuse is saying you don't trust Spirit and that you only want what you want
- ▶ Stay away from the cards if you're anxious or feeling that you're not getting the right answer

Brief OVERVIEW

Oracle Abuse implies something that isn't good for you. Typically an addictive cycle you get in when you don't like the answer you got. The way to avoid it is to take a break and come back with more neutrality. Remember Spirit has a plan for us way better than we can imagine. Go back to your synchronicity timeline and trust Spirit. Approach with 'that's interesting' and dust yourself off and keep going. This course is not about judgment it's about learning.

HAVE A PLAYFUL SENSE OF HUMOUR IF YOU DO GET INTO ORACLE ABUSE.

Approach with 'that's interesting' and dust yourself off and keep going. This course is not about judgment it's about learning.

Video 8: Facebook

- ▶ Two different rooms you're going to work in
- ▶ 1 - The Main Hall which is where everyone gathers, where all information and changes are posted, where zoom calls are posted. It's like a bulletin board for the duration of the course
- ▶ 2 - Small Rooms which is the place for your small groups and where the mentors are. It's where you will share with your peers and get to know everybody. It's the place where you will share your pearls and epiphanies while working through the course material
- ▶ To avoid Facebook overwhelm take a media diet so that you can focus on the content of the course
- ▶ Can experience empathy overload when doing the course and also engaging on social media
- ▶ Only pick 3 people's posts maximum to read in the classroom
- ▶ Trust that whatever ones you're guided to look at are your teaching tools
- ▶ When people share in the rooms everybody learns by watching how each other learns
- ▶ Make it easy on yourself
- ▶ If you get overwhelmed take a break
- ▶ Try to stay off all other social media and media in general in order to stay grounded
- ▶ When you're in a very powerful, personal development, personal growth, transformation program things are going to get stirred up
- ▶ Suggest taking a lot of salt baths or salt scrubs

- ▶ Himalayan salt is a fantastic way to clear your energy field from the stuff you take or when you're in empathy overload or overwhelm
- ▶ Facebook is your friend!
- ▶ Reminder not to tag Colette or send her a friend request
- ▶ Please respect Colette's boundaries

Brief OVERVIEW

Video covered the rooms that you're going to work with in Oracle School's Personal Mastery program. Discussion around empathy overload and overwhelm, and strategies to overcome. Reminder not to tag or friend request Colette and to respect her boundaries.
