

MODULE 1

A Note From Colette

ORACLE  SCHOOL

Welcome to the first Module

Personal Mastery:

The foundation course for Oracle School.

A Note From Colette,

You are here, in a very special modern mystery school, designed for your self-realization and empowerment.

You're part of a group of unique, like-minded people from around the world who have come here with the same intention!

I believe you were all called here because you have something sacred and powerful inside you that wants to be expressed into the world and were looking for the way.

Well.. the door opened and you are here!

So, let's talk about the course.

The purpose of this course is to show you how to open up to your innate connection to the conscious universe and experience the magic within you. You will learn how to set your intentions with clarity and passion, and steward them into the world, in partnership with Spirit.

You do this by using Oracle Cards.

Oracle Cards are powerful tools for guidance and navigation that serve as an intermediary, a mirror, a bridge and a sacred mystical language, that enables a direct dialogue between you and the Divine. You will be amazed when you learn how to harness their power as a personal development and transformation catalyst.

And, that is the point of Oracle School and this foundation course. If you do the work and allow it to shift you, you will become more than you hoped for, and deepen your relationship with your Higher Power and know intimately the magic in the universe is also in you. The world is alive and brimming with the soul of true magic.

You will discover this here, for yourself, intimately and profoundly. It will take commitment and some time. Also, a willingness to be in Beginner Mind, when you want to rely on what you think you know, which for some of you might be hard at times, but do not quit before the miracle happens.

You will also be surprised by who shows up for you, and who teaches you the most about yourself and the meaning of life in your group. Life long friendships are made in this place. We are united not by how we define ourselves in the outer world, not by our professions or masks, but by what our hearts believe and our willingness to dive deep into our humanity to find the treasure of our infinite potential hidden in plain sight.

And this is another reason why this place is so magical. We are a community that celebrates our unity in diversity.

Where 2 or more are gathered in the name of co-creation - there I AM.

You don't have to be concerned if you don't know your purpose

Your Purpose will find you. And, if you are sure of it, you will align with it so beautifully you cannot fail to see results in the outer world. But first, we shift the inside. Then we see the outside form revealed. It is amazing.

You are here because you have been called to transform. So, as you allow the process to take root in you, you'll observe how this engages synchronicity on a daily basis, and your own intuition naturally becomes more in tune. You will have access to your inner oracle, that is already connected to the vast resources in the Realm of Spirit, and you will see how your authentic self will begin to arise. This, in turn, will naturally and effortlessly become a part of your capacity to influence events and shape your own destiny in service to the Highest Good.

This is not a theory. If you are willing to claim this awareness, you will experience this. Sometimes quickly sometimes slowly, but it will materialize if you do the work. And the work can be deep, but it can also be **FUN!**

▽

You have within you the spark of the Divine, the capacity for miracles, and the blueprint and spiritual contract for a life beyond your imagination.

By immersing yourself in this course you will naturally drop the barriers between you and your highest good. You will both embrace your humanity, your Light and Shadow, and become one with Spirit. You are, after all, an intrinsic part of the connected universe and your authentic integrated self is essential for the harmony of the whole song of Life.

We need you.

Your unique inspired authentic life is waiting to be discovered and claimed

for the highest good for all. Your success will then be a model for others as you shine your Light brightly into the world, you will be a magnet for miracles.

I am so thrilled you have joined us at Oracle School, and I can hardly wait to see who you will become as a result of it! There is only one You... And that You, is profoundly and eternally magical! SO, Welcome To Oracle School... may each day reveal the mystery with love and Light.

Love, Colette

P.S. So... here we are... The first week is usually a settling in time and your mentors will give you further instructions.
