

MODULE 1

# *A New Beginning*

## VIDEO SUMMARY

ORACLE  SCHOOL

# Video 1:

## A New Beginning

- ▶ You have chosen YOU, to open up to your magic and experience everything that's possible for you, expanding in ways that you can't fathom at the moment, and using Oracle Cards as your tool
- ▶ Oracle Cards are a special communication device with the conscious Universe  
Oracle Cards are a tool that will show you the areas of your life that need course correction
- ▶ Oracle Cards are like a mirror that will show you everything about you, including the things that you might not know are hidden from you.
- ▶ Oracle Cards are a GPS that will help you stay in alignment with your highest good and your intentions
- ▶ The cards are a divination tool to consciously contact your higher power  
2-cards to demonstrate what you're going to experience with A New Beginning - New Life and Serendipity
- ▶ New Life - card implies you're entering the unknown, moving out of the fragile shell of your conditioning. Who you thought you were is going to be challenged in this course to make room for who you want to become
- ▶ Viewing Oracle Cards as a personal growth tool helps you to focus on your intentions for your Unique, Authentic and Inspired life and move aside the things that don't work for you
- ▶ New Life card represents a rebirth, your being reborn and stretching beyond what you know to learn new things
- ▶ Enter with beginner's mind, curiosity, and 'that's interesting'
- ▶ Stay open even if you think you know Oracle Cards
- ▶ New Life card acknowledges you've already worked on yourself and that has brought you to where you are now

- ▶ Second card, #37 Never Ending Story tells us about the victim story from the past and informs us that we're here to circumvent the old stories that don't serve us anymore. Can be difficult to look clearly at ourselves in the mirror because we have conditioned responses that aren't in alignment with our highest good and that aren't going to help us as we want to become the person that has the Unique, Authentic and Inspired Life that may be different from the life we lead now.
- ▶ We don't dive into our never ending story, rather we identify it and say we're moving away from it now.
- ▶ We're only focussing on what is in our highest good and how we become the person who lives a life that is a unique, authentic and inspired experience.
- ▶ It's like we're a plant in a pot that over time our roots have grown so that they have nowhere to go now and they're pushing against the boundaries of the pot. You want to expand your life and you don't know how or have the tools to do it.
- ▶ In Personal Mastery you are provided with the ability to move beyond your small pot, repotting yourself into a bigger pot so your roots can expand and grow larger. Small plant being re-planted into a bigger pot with new earth temporarily goes into shock because it doesn't know how to be in a more expanded pot.
- ▶ Never Ending Story gets triggered in a new beginning, and it happens to everybody. Stick it out, and don't quit before the miracle happens. It's a natural part of the process in adjusting to being in a bigger, expanded pot.
- ▶ The 2 cards tell us what to expect in the first 2-weeks of Personal Mastery.
- ▶ New Life card implies you're ready to step into your new greatness.
- ▶ New Life Card also indicates that we start to recognise different parts of ourselves in the mirror of the Oracle, parts that were hidden from us. You become a new self right in front of your own eyes.
- ▶ Everyone is here for the same intention which is to become the persona that can live the intention of a Unique, Authentic, Inspired Life that is greater than what you have now.
- ▶ New Life and A New Beginning is for everyone and automatically brings us into a real connection to the conscious Universe which is listening to us even more because together we are loud.

# Brief OVERVIEW

In this video, you were taught how to answer a question through a demonstration using 2 cards from Wisdom of the Oracle. The 2 cards were New Life and Never Ending Story. An analogy of the 2 pots was provided to demonstrate that it sometimes takes time to adjust to being in a new pot. Initially there's a bit of resistance but it's important to hang in there because the magic does become obvious.

**THE VIDEO ALSO DRAWS ATTENTION TO THE PDF WHICH CONTAINS AN EXERCISE AROUND THE SYNCHRONICITY TIMELINE.**

This will help you understand your past better and find the beauty in it. You will discover that you've already been experiencing your magic but might not have known how to see it. Download the PDFs, work with the homeplay and meditations, get into the course, and enjoy it. Personal Mastery is fun, playful, fabulous and magical.
