Brief OVERVIEW

In this video you learned that the Conscious Universe and Oracle Cards are your 2 core support systems. A relationship exists between the Conscious Universe, you and the Oracle cards and creates a triangle without any separation. It's amorphous and experiential so that the more you feel it, the more you see evidence of it in your world and other areas. Everyone acts as a representative of Spirit because we have a soul. The soul takes on the body and then that soul experiences its life throughout from birth to when we drop our body and move to another dimension of consciousness. The relationship is always there and present but we have to engage it otherwise it's relatively dormant because the ego then takes over. Oracle Cards are the instrument to the understanding how you communicate with the Universe. It's like they are holographic go-betweens between you and the Conscious Universe because it's a language.

The subconscious mind is a memory keeper that can't see beyond what's in front and what's been experienced. It's job is to keep us in familiarity. If we want to change, to transform, to work with the Oracle Cards to move beyond that limitation, then we have to trust the invisible world, the Conscious Universe, is going to help us move past what prevents us from seeing beyond our limited, familiar self. The subconscious mind, ego, sees everything as separate but ultimately we're all connected and that's something you will experience in this course.

Oracle Cards engage the part of you that is Soul. The Soul-self wakes up because it's more engaged in the process of change, experiencing new things. Oracle Cards speak to your Soul and the Soul is invested in a new experience. When you get 'in-tune' with that you begin to see the magic everywhere and you want more and more of the magic you're now experiencing. The cards train the Soul-self and the Conscious Universe in the conversation. You see more patterns coming up, in the cards too, the more you work with this course. It's an undeniable relationship that once you experience it, you have to trust it. Your 2 support systems are the pillars through which you navigate your world. Oracle Cards facilitate easing god's order and you can then find what is unique, authentic, inspired and new for you because you're operating outside the limitations of the small self the 'edge god out' ego self. The more you work with Oracle Cards, the more you use them as a method of communication with the Conscious Universe, the more magic shows up in your life.

Video 2:

The Conscious Universe

- ▶ Demonstrate using Wisdom of the Oracle (WOTO) to make a point during the class and show you how the Conscious Universe works
- ▶ Ask 'What can you tell us about how you help us deliberately intend our unique, inspired and authentic life? How do you help us?'
- ▶ Card - To The Sea which represents flow, fluidity and forward movement
- ▶ Art on the card - Woman in a boat that's in motion, on the ocean. She's looking down into the boat, not using her binoculars that could show her where she's been and the 360 degree view when in a boat and able to look around. There's a natural trust that she's not steering the boat. Here we see the boat and the Universe is saying we are a story-in-motion. Limited by your perspective because you're looking down. You can only see a narrow perspective or view of your world. Conscious Universe is speaking saying 'you can't see what I see'. Spirit is the ocean, and it's going to ensure that your boat continues to move forward smoothly because that's what To The Sea represents.
- ▶ In WOTO there's a face in the card which tells us that the Universe is conscious, aware and alive...the Oracle. Saying Universe is the Oracle, the cards are the method or medium through which the Universe speaks to us, through a lexicon and language.
- ▶ Through this card the Universe is saying 'I help you', 'I help you move forward and go where you cannot see...that's my job'.
- ▶ Also saying that Conscious Universe looks over and after you when you surrender your will or ego self to it, the higher power, and it will guide you. Natural sense of guidance, protection, and a vested interest in moving the boat forward.
- ▶ We're all stories-in-motion. We're never static.
- ▶ Unique, authentic and inspired life is not a destination. It's an experience, movement, fluid part of a flow cycle.
- ▶ How does Conscious Universe work? Permeates everything. Everything is alive. Everything is connected so there is no such thing as separation.

- ▶ When consciously and deliberately communicating with it, using the cards, the Conscious Universe will help you because you are a part of it.
- ▶ Conscious Universe is life force, nourishment and container. It has to contain you and gently nourishes your uniqueness.
- ▶ Everyone has a disposition or propensity towards certain things which makes us unique.
- ▶ Conscious Universe knows you better than you do.
- ▶ Never get attached to the form. Conscious Universe knows the form.
- ▶ Conscious Universe responds to the essence of your desire, not the form of it.
- ▶ Conscious Universe works through you...personal navigations plus intuition.
- ▶ Intuition is the voice of the divine.
- ▶ Intuition different from instinct.
- ▶ When tuned into your intuition you're listening to the Universe speak to you, and it's rarely logical.
- ▶ Chisel away the 'crud' to get to the core, connect to the Conscious Universe, go with the flow and wash some of the 'crud' off.
- ▶ Crud is the outdated ideas and conditioning that doesn't help us move into a unique, authentic and inspired life.
- ▶ See beyond the limitations of self.
- ▶ When you wash away the crud, the more you awaken the glimpse of your own magic and your experience of your magic.
- ▶ Start to let go of the outdated ideas that don't serve you anymore in a safe, wonderful environment and everything starts to make sense.

Brief OVERVIEW

In this video we learned how the Conscious Universe relates to us when we deliberately intend our unique, authentic, inspired life. Then we talked about the lexicon of the chosen card, To The Sea, and how it applied when we asked a question to the Conscious Universe. Also talked about being stories-in-motion but that we have a narrow perspective of what's possible for us.

THE VIDEO ALSO DISCUSSED HOW THE CONSCIOUS UNIVERSE WORKS, HOW IT WORKS THROUGH US, AND HOW INTUITION IS HOW WE LISTEN TO THAT.

We learned how the Conscious Universe has to contain us in some way, we have to have some level of limitation, because otherwise we'd feel like we're flailing all over the place.

Video 3:

The Oracle Cards

- ▶ Oracle Cards are a language formed out of a lexicon
- ▶ Lexicon has a grouping of specific symbols, metaphors, pictures and images that forms a language
- ▶ Language through which you want the Universe to speak through you, to you, through the lexicon of the Oracle Cards
- ▶ Oracle Cards have a specific lexicon and the language or lexicon is a system
- ▶ Every card is a word, idea or concept
- ▶ They all have to work together
- ▶ They form sentences and experiences when they work together
- ▶ All the cards in a lexicon have to speak to each other
- ▶ All Colette's decks are systems derived from ancient Oracle divination systems and been modernized
- ▶ All of Colette's decks are used to speak to each other
- ▶ They were created so they could all converse together
- ▶ Oracle Cards don't come alive until you engage them with intent
- ▶ They come alive when you intend to use as a language, as an intermediary between you and Spirit/Conscious Universe
- ▶ Oracle Cards are a mirror reflecting everything you know and many things you don't know
- ▶ Like a flashlight because they illuminate the shadows

- ▶ Shadows are the challenges or things you're in denial about
- ▶ Oracle Cards are a navigation system because they tell you where you've been, where you are now and where you have to go...your next right action
- ▶ Story-in-Motion = we are evolving beings
- ▶ Oracle Cards show you the evolution of a story and are fluid
- ▶ Important to remember you're never going to be in one place all of the time
- ▶ Learn about yourself through the Oracle Cards showing the evolution of your story
- ▶ Know Thyself
- ▶ Nothing in Excess
- ▶ Become self-aware and let go of the baggage
- ▶ Oracle Cards show you what's possible
- ▶ Cards help you see there's something beyond the familiar and tell you how to get there
- ▶ Oracle Cards give you an option, allow you to course correct, take a new path
- ▶ More you use them, the more accurate they become
- ▶ Conscious Universe has to work out how to get through to us because we've been taught to deny or ignore how it speaks
- ▶ Have to unlearn the bias
- ▶ WOTO facilitates the learning between you and the Conscious Universe
- ▶ Conscious Universe starts to recognize your patterns

- ▶ You begin to recognise how Conscious Universe speaks to you through the cards
- ▶ More accurate the more you trust the cards and listen through your intuition
- ▶ SoulFM is always broadcasting
- ▶ Teaching you to turn on the radio and tune in to SoulFM
- ▶ You want to keep the radio on because you're open, magic is awake, cards are talking to you and synchronicities are happening
- ▶ Spiritual narcolepsy is when we fall back into the old ways and patterns which turns off the radio
- ▶ Aiming to be tuned in to SoulFM more times in the day than letting the Ego run the show

Brief OVERVIEW

In this video we talked about Oracle Cards being a type of vocabulary. A lexicon or system of pictures, images, symbols and metaphors that allow us to communicate with the Conscious Universe so that we can have a communication that works through the symbols. Oracle cards can show you your story-in-motion and the evolution of that story-in-motion, as well as what's possible. - ◇ This card teaches us that there are our wants and then what is right for us, what we need.
- ◇ Humor in the card - saying the Universe is playing with you and if you want to play the game of life and win it, you have to release your strategy to the Conscious Universe

- ◇ Hearts represent that it's a heart-centred, co-creative process
- ◇ Mask reminds us that we come with various masks. We have been conditioned to wear various masks to fit into our surroundings and feel like we belong. We don't show our truth oftentimes.

- ▶ #16 All That Glitters - says in order to set the highest intention for you, you want to go beyond the superficial, but you do want something sparkly. You want something that glitters for you, something that takes your heart and you want to feel the spark. You don't want the superficial. You want to know what your 'why' is. Why do I want this? Why do I want to manifest this life? What would it feel like to explore that for myself? This card is helping you to set the right intention for the course.
- ▶ #7 To The Sea - What you have to do after setting the intention is release it and let the Universe take you on the water. You can't see beyond the scope of your little boat. Let go, surrender, the Conscious Universe will take you there.

Video 7:

Intuition and Intention

- ▶ When we set an intention and practice the feeling state, we want to train our frequency/vibration/energy
- ▶ Emotions are what set energy in motion
- ▶ The more you condition yourself to feel a certain way the more likely it will show up in your outer world
- ▶ Training the body which is an instrument of intuition and intention to resonate with a particular feeling state
- ▶ When you set an intention, that's a feeling and you want the world to come alive with that feeling
- ▶ Something is going to grow the more you water
- ▶ You have to chop wood, carry water around the seed that you have planted in your field of dreams
- ▶ Metaphor for you being intentional and deliberate about wanting to create a match in the material world to your internal feeling state which is the intention
- ▶ When you tune in to Spirit and are using Oracle Cards, the cards are going to help you take action
- ▶ Oracle Cards give you information about how to 'til the soil'
- ▶ Oracle Cards show you the weeds to pull from the soil in your field of dreams
- ▶ Intuition is listening for direction all the time...it's non-linear

- ▶ The more you work with Oracle Cards in the way you're being taught in Personal Mastery and Oracle School, you're strengthening your intuitive muscles, like going to 'Intuition Gym'

- ▶ Intuition and Intention is serving, in service of the intention as long as it's in the highest good

- ▶ Best way to manage the relationship between your intention and intuition is to bring a sense of playfulness
- ▶ Only you can build a respectful, nurturing and loving relationship
- ▶ What card best describes the relationship between intuition and intention?
 - ◊ #41 Soul Mates - one works in service to the other. Your being in alignment with your highest good and highest intention is being in alignment with the Conscious Universe
- ▶ Intuition is a peripheral sense meaning it's an expanded awareness that goes sideways. It's always looking to see what's not obvious.
- ▶ Intuition is curious.

Brief OVERVIEW

This video talked about intuition and intention and how they relate to one another. Intention is a seed that has a life force. Essence of the desire that isn't form based is what you want to focus on. Need to tend to what we plant. Since it is deliberate intention we have to be deliberate around fostering the feeling state. The video covered how necessary it is to ensure that our desires are in alignment with our truth, how we tend to the soil and how important it is to weed the garden in your field of dreams. This means taking a self-inventory.

THE VIDEO ALSO HIGHLIGHTED THAT INTUITION IS PERIPHERAL AND INDIRECT. WE DON'T USE OUR INTUITION TO GO DIRECT.

It's always intuitive about what's around us, what we cannot see. Oracle Cards will show you when you're out of alignment with your vibrational patterns and how you have to get back on track. The video talked about Oracle Override which is when Spirit overrides you and what you think you want, and Spirit will show you what you really want. Intuition and intention are in a dynamic relationship. Chose Soul Mates card to describe that relationship.
