

MODULE 4

Law of Thought
VIDEO SUMMARY

Video 2: Law of Thought

- ▶ Law of Thought states that what we are thinking effects what we are manifesting in the world
- ▶ Mood engages the external world
- ▶ Brain = receiver and transmitter
- ▶ Reticular Activating System only looks for things it knows to prove to yourself that it's true
- ▶ Subconscious conditioned mind is best friends with the Reticular Activating System
- ▶ Want to train the system towards being focused on what is in alignment with our highest good, not what's familiar and doesn't work for us anymore
- ▶ Oracle Cards reflect the Law of Thought
- ▶ We can be confined by the limits of our imagination and what we're willing to think about
- ▶ Can train our mind to stay in alignment when we work in 24-hour segments
- ▶ What's the thought that we may be completely unaware of and is there anything else we could miss? What do we have to watch out for? What kind of thinking would limit our manifestation?
 - ◇ Anchor Card = #52 Mending - about forgiveness. Reminds us that we're all connected and that the Conscious Universe is a unified field of which we are a part. Watch out for what we need to mend.
 - ◆ Picture - Flag representing the circus of life, 2 little angels (us) repairing the flag to bring us into alignment with the truth that we're all in this together. Oracle Face (Conscious Universe) looking down. Need to return to state of innocence.

- ◆ Theme of Anchor Card - watch out for and remember the negative thoughts that keep us separate from others and bring us back into alignment with connection.
- ◇ Further Information = #30 Tick Tock (P) -
 - ◆ Reminds us to be aware of 'Fear of Missing Out' (FOMO). Don't compare yourself. Working on Spirit's time-line. Release attachments to things and form. Trust that Spirit is going to deliver what is Soul inspired.
 - ◆ FOMO - not happening fast enough. Why are they getting it and I'm not? Feeling fear is a signal to trust the Universe and get into prayer and meditation. Surrender time!
- ◇ Action Card = #9 Treasure Island (P) - Reminds us that our magic is already there within us. Have to think and trust that what is meant for us won't go past us. The thing we want is not necessarily in alignment with our highest good.
 - ◆ Trust and engage Law of Thought, and trust all other Laws
 - ◆ Consistently keep thoughts in alignment with the truth that everything is possible for us. Our needs will be met as long as we put our relationship with Spirit as our priority.

▶ Practice daily

▶ Law of Thought = clean your head, add more positive and see extraordinary things in the world of form reflect back to you, because that will be what is for you.

Brief OVERVIEW

THIS VIDEO DISCUSSED HOW OUR THINKING IS REFLECTED IN THE OUTER WORLD.

The Reticular Activating System, which is always looking for evidence of the familiar, was highlighted. There was a demonstration using 3-cards focused on what we need to know about the Law of Thought. The three cards were Mending, Tick Tock (P), and Treasure Island (P).
