SHARED  WISDOM

W1-1

Welcome

- ▶ Shared Wisdom is about you discovering even more magic about you and the world around you.
- ▶ In Personal Mastery the main focus was 'know thyself', using the Oracles to see ourselves reflected in them, to develop conscious contact with our higher power, to see this in motion day-to-day, to recognize that we had the capacity to be more than what we came in as. Seeing who we could become through the Personal Mastery process.
- ▶ Now we're adding another component...other people, how we sit as a witness, an observer, how we can engage another persona, how we see the world at large, and how Spirit speaks to us through other people, places and things.
- ▶ You're getting permission to take a look at the complexities of other people, how the universal stories play out in everyone and how the outer world speaks to us. How Spirit uses animals, billboards, cars, songs etc. How the Conscious Universe can speak to us through any medium and you're going to learn how to discern these.
- ▶ **There are 3 sections to Shared Wisdom**
 1. 7-week class, which is preparing you. Some of the content includes how you prepare to engage the world, how you take care of yourself, how to use multiple oracle cards at the same time, how to look at animals spirits and guides and how they can come through to you, chakras etc. Also how to apply these in your daily life and find meaning and magic in many different things you may never have thought possible before.
 2. Once a month from January through to July, you will be given things to do so you can go deeper into who you could become e.g. new moon spreads, full moon spreads, equinox spread and deeper questions. The focus is on confidence building and strength.

3. Mentor training that Anna will hold around mid-August (dates to be confirmed) and then an opportunity to mentor in Personal Mastery, which changes your perspective radically on what helping others really looks like.

- ▶ The real focus is about your relationship to the Conscious Universe. You learn what wisdom is. You gain the wisdom this year so that you can share it effortlessly with others.
- ▶ Don't be nervous when another person is added to the mix. You are not expected to be psychic or intuitive, rather, to let the Oracle Cards open up the portal of awareness that you have, open up the souls vision and say what you see. No exams!!
- ▶ Certification at the end is not a professional certification. What it means is that you have done every step along the way. You have learned how to work with Universal Law, the fundamental truths about being in the world but not of it, how to share your experience, strength and hope with someone else without crossing their boundaries, to take care of yourself, and that you have had epiphanies. You are walking proof that you can transform yourself doing this kind of work. You will be a model for others.
- ▶ Shared Wisdom is also about your purpose finding you because you will continuously move beyond your blocks and into a state of being so receptive to what the world has to say to you and how the Conscious Universe want to dialogue with you. It's an action-oriented course.
- ▶ Less videos in the course and more PDF's. More doing and practicing with you partners.
