

MODULE 2

Questions

SHARED  WISDOM

Questions

Each video will give you some general information about the decks and a short demonstration of how you might ask the decks each the same primary question

“HOW WILL YOU SERVE ME ON MY COUNCIL?”

Choose two cards:

- ◆ One for the anchor
- ◆ Then the second one for more information that will give you an action to take.

Write about the cards and what rises up with you for this question in your journal, allowing a stream of consciousness to take over as you open up your portal of awareness to the Spirit of the deck.

Based on the cards chosen, write yourself a letter from the Spirit of the decks you chose describing the essence of how they will serve you on your Council. Let it be fun, don't think too hard just allow for the process to move through you.

Very Important

In the video about making decisions I mention that we will eventually partner in groups of three. I am going to wait to get you into groups for a bit given that you are all here for quite a while there is not rush and I want you to spend time answering these questions for yourself and by yourself first. When its time to partner you will do these same questions again ;)

Here are the areas covered in the videos you will want to play with:

- ◆ *Making a decision with multiple decks*
- ◆ *Asking about Prosperity/ Career*
- ◆ *Relationships*

The videos show you examples of reading spontaneously with multiple decks. You're invited to explore these areas as they come up for you energetically. In other words when you feel pulled to check in on an area of your life in a given day, choose one subject and focus on that one, while asking for guidance from 3 oracles to give you a broader perspective.

Second Opinions

A great way to engage your oracles and see how different ones work together is to choose your daily anchor card and then ask for a second opinion from another deck.

Switch it up every day and pay attention to the different perspectives and how they feel to you.

MORE QUESTIONS TO PONDER AS YOU GET TO KNOW OTHER ORACLES

Here are some more questions to play with this week, and over the course of the next few months as you build a relationship with each deck.

- ◆ What do I need to know about how to work with you?
- ◆ How will you help me stay on track with my UIA Life?
- ◆ What area do you help me most with?
- ◆ How can you help me stay out of my story?
- ◆ What do I need to focus on today for my highest good?
- ◆ What do I need to work on to alleviate my fear?

Make sure you journal your cards before posting about them in the FB classroom so you can continue to focus on the epiphany, the solutions to any issue that came up rather than the problem, remaining in the transpersonal “hovercraft” mode and take your time.

Remember to have fun!
