

MODULE 6

Bringing Your
Magic to the World

Key Learning Points

- *This is the last module of the Personal Mastery Course. It has been a beautiful and powerful journey, and an honor to have been your guide. I hope you will continue to be part of this active and loving community moving forward!*

- *After this week the small groups will be closed down and you will be invited to attend the OS Personal Mastery Integration group on Facebook!*

- *You will have the opportunity to continue to explore your journey of Personal Mastery with the entire Fall group, make new friends and connect in an environment of love, acceptance and support, and oracle cards!*

- *This final module is an invitation to look deeply into your experience so far, much like when you first arrived and journalled about your synchronicity timeline, now is the time to take inventory of your evolution from the Observer to the Manifestor.*

Seeing the Magic in Everything

- ◆ Review what you've learned so far - how have you changed?
- ◆ Do you know yourself better?
- ◆ How do synchronicity events show up for you now?
- ◆ Can you see now that you are a story in motion - that there is no one perfect destination?
- ◆ Has the story you used to tell shifted?
- ◆ You have a new way of looking at the world what do you notice most now?
- ◆ Nature is an Oracle.. when you notice things in your environment you will begin to see a correlation between your oracle reading, your meditations and what you see in them- birds, and landscapes. Your inner-world will be informing you through the outer. (This is a sneak peek of things introduced in level 2 - Shared Wisdom)
- ◆ Example: -When you do the "Get on Your Bird" meditation, and notice what you see in it, look up the symbolic meanings online and discover an extraordinary co-relation between them.
